VULCAN ALBERTA

M. D. of Royal

Meeting of The Board And Business Transacted

The Municipal District of Royal held its regular meeting at the offices of Flood, Whicher & Elves, on Saturday, May the 31st. Present Reeve Parker and Councillors Hill, Eamorr, McNiven, Peterson and Larson. Minutes of the proceeding meeting were adopted as read. A motion was supported and carried "that owners of all animals which perished in the recent storm be required to dispose of the carcasses."

The Secretary was requested to notify Mr. Solenbach, of Brant, to remove the manure which he placed in the road north of Ensign. A committee from the Vulcan Agricultural Society was present asking for a donation for the coming Fair. The matter was laid over until next meeting. Capt. George Wainwright, of Vulcan, was appointed Weed Inspector at a salary of \$150.00 per month, and is to furnish his own conveyance. It was decided that a road diversion through Sec. 8-17-24 be made on the north side of the R. R. tracks, crossing at the north end of the R. R. yards. Bills ordered paid amounted to \$327.40. The meeting then adjourned to meet again on June 28th.

Hospital Meeting

Blackie Ratepayers Turn Out To Discuss Municipal Hospital Act.

A large meeting of Ratepayers of Dinton Municipal District and of the Village of Blackie met in U. F. A. hall on Saturday afternoon last to discuss the proposed Municipal Hospital scheme. The meeting was called by Councillor Sam Fox who acted as Chairman. Mr. Fox explained that the object of the meeting was to give an opportunity to the ratepayers to inform themselves respecting the matter, before they attend the larger meeting to be held at High River, on the afternoon of Wednesday, June 4. Dr. G. D. Stanley, M. L. A. gave a lucid explanation of the provisions of the Municipal Act, and answered numerous questions asked by the ratepayers. There is an almost unanimous feeling in the Blackie District that Hospital accommodation should be provided. The sentiment favoring advanced methods for caring for the Public Health, has seized this entire community. Of course there is some difference of opinion as to which Hospital Scheme will best serve this community, but the hopeful sign lies in the fact that practically every ratepayer demands some radical measure of assistance. A hearty vote of thanks was extended to Dr. Stanley for his kind help.

Strike Felt Locally

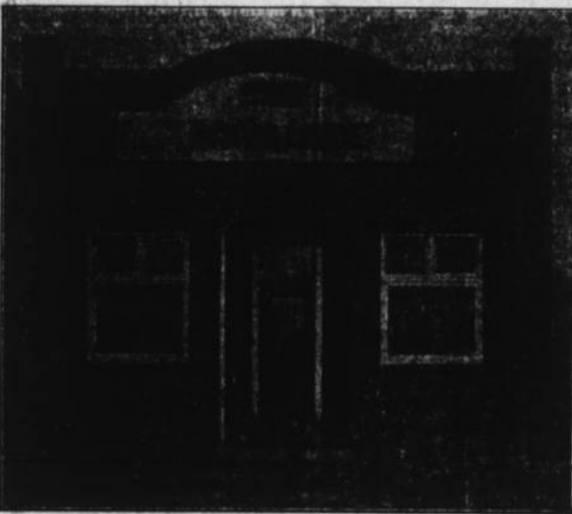

Business Handicapped By Its Continuation

The strike precipitated at Winnipeg and which has spread sympathetically through the province has been felt locally in the receiving and shipping of commodities as well as in the mail and express service and has seriously impeded business in the town. At the present writing the conditions are somewhat improved but far from complete adjustment and the harm already done will take sometime to be adjusted. The mails are now being handled and distributed by raw recruits and some mix-ups in these are to be expected while the work of clearing away the accumulated bags is in progress. It will be some time yet before business can regain its normal condition and in the meantime the public must stand the brunt as usual.

CARD OF THANKS

Mr and Mrs. J. M. Tange wish to express their heartfelt thanks and appreciation for the many kindnesses extended them during the late illness and death of their only son Arne, and particularly to Mr. and Mrs. A. H. Tharlie, who were tireless in their work of comforting and relieving us during our great bereavement.

THE ADVOCATE BUILDING

Where the Vulcan Advocate is Published and Where Good Job Printing is Done

VULCAN LOCALS

We have several land buyers. What have you to offer? The C. B. Shimp Land Co.

Insurance is co-operative in principle. Carry it still further by taking your insurance through the VULCAN CO-OPERATIVE CO.

The postponed Masquerade Ball will be held on June 6th at the Buffalo Hills school house. Everybody invited.

G. C. Oldham, of the Cecil Garage of Calgary, is now with the Vulcan Livery and prepared to do all kinds of Auto repairing as well as Tractor Repairing.

B. J. Klebe, formerly of the Advocate's staff was in town on Tuesday attending to some personal business matters. He left for Calgary in the evening by motor.

Spread the risk of Hail by insuring your crop through your own company, the VULCAN CO-OPERATIVE CO.

It is reported that Champion is to have a Weekly News Paper, and that the necessary equipment is already being installed. The more the merrier and we wish the promoters every success.

What's the matter with the Ladies' Ball Club? Its nearly time to be warned that a game with a good out-of-town team is scheduled. They have been practicing now for some time and should be in the pink of condition. We hear, however, that we are not to be held much longer in suspense. Something's doing.

The Calgary Annual Exhibition takes place from June 28th to July 5th, inclusive and promises to be replete with interesting events and showings. The presence of John Phillip Sousa and his Band of fifty-five musicians is sufficient inducement alone to make the affair a success.

The meeting called for the purpose of organizing a Tennis Club on last Thursday night was postponed on account of the few people present. Another meeting will be called soon at which it is hoped to form the organization.

Mr. A. A. Ballachey, of High River, was in Vulcan on business Tuesday and expressed himself surprised at the splendid condition of the crops around Vulcan. He had made about 100 miles in his machine on that day to the north and east of us and remarked that Vulcan seemed particularly favored as to moisture and as indicated by the advanced conditions noticed.

Capt. George Wainwright, who was appointed Weed Inspector, at the last meeting of the Board of the M. D. of Royal, No. 158, is a Vulcan man who has lately returned from the front where he has served since 1914. He was formerly a farmer in this vicinity and is well known by the people of the district who are pleased at his appointment both because he is fittingly qualified for the job and because the appointment shows an appreciation of his services abroad in the interests of the country.

Time to order your Plymouth Twine through the VULCAN CO-OPERATIVE CO.

VULCAN LOCALS

Look for The C. B. Shimp Land Co. advertisement in this issue.

For your Tractor and Auto repairing go to the VULCAN LIVERY. Mr. Oldham, of the Cecil Garage of Calgary, a thoroughly competent mechanic, is now located there to look after this end of the business.

Mrs. and Miss Sadie Stone and Mrs. Athelstine and family left for Great Falls, Montana, on Thursday evening last.

Dame Fashion has surely turned her attention to the Buffalo Hills as is apparent from the surprising hair cuts we see these days.

The Town Council met in regular session last week but as no matter of importance were up for consideration they adjourned after allowing a few local accounts.

The balance of the Irving's Ltd. stock will be sold at Public Auction on Saturday, June 14th, at their place of business. The Sale Bills and particulars will be issued next week.

For your Tractor and Auto repairing go to the VULCAN LIVERY. Mr. Oldham, of the Cecil Garage of Calgary, a thoroughly competent mechanic, is now located there to look after this end of the business.

The local Base Ball management have arranged for games with Baron on Saturday, the 8th, and with the Claresholm Club on Wednesday, June 11th. Games will commence at 3.30 p.m., on the home grounds.

The late heavy rains of last week extinguished the forest fires which have been raging in the reserve near Black Diamond, but a number of fire fighters are still retained there to prevent any fresh outbreaks, should they occur.

Miss Bickford and Miss Carruthers, of the local Telephone Exchange, left for a three week's vacation last week. They will visit Calgary, Edmonton, Prince Rupert, Seattle and Portland, Oregon, before returning, and expect to be gone about three weeks.

Some miscreant threw a stone through the large plate glass show window in the store of E. E. MacIntosh on Tuesday night last and practically demolished it. The guilty party is as yet unknown but is expected to be apprehended and dealt with as becomes the case.

Messrs Nelson and June of the Seattle Base Ball Club, showed up here to attach themselves with the locals, and played in the game against Champion on Monday evening, but have signed up with the new aggregation at Baron, as did also the south paw Hovey. No loss.

Insurance is co-operative in principle. Carry it still further by taking your insurance through the VULCAN CO-OPERATIVE CO.

GETTING TO BE A HABIT

Vulcan won the game from Staveley on Wednesday afternoon the score being 4 to 1. Eleven innings were played. A big crowd was present, and a fine exhibition of Ball was witnessed. Webb struck out 18 men, and only 2 hits were made on him. Some game.

Vulcan Wins Again

Locals Find The Champion Team Quite Easy And Defeat Them 10 to 4

The Vulcan Base Ball Club played its second game of the season on Monday evening last, their competitors being the Champion Club and the result was a score of 10 to 4 in off rather auxzxfiffm bgkqj zffiffm Vulcan's favor. The game started off rather auspiciously for Champion who scored the first run of the game but his little lead did not continue very long before the locals began piling up a few tallies and put the game on the safe side of the score sheet. A bone-head play on the part of Champion netted the locals two runs in the fourth inning and was as amusing to the spectators as it was humiliating to the visitors. With the bases full and two men out and with three balls and two strikes on the batter up, the local base runners, made a dash for home upon the delivery of the last ball by the pitcher, which naturally must be a third strike or a fourth ball, an out or a base on balls. It was a ball and consequently a forced run, but in the mix-up which followed two of the Vulcan men crossed the plate while the Champions were endeavoring to discuss the point with the umpire.

From this time the game was never in doubt and the Vulcan boys took took things easy to the end. June pitched for the locals, but was relieved by Nelson about the 6th inning and he proved to be as much a puzzle for the Champions as did June, although not pretending to be a pitcher. On the whole the game was not as good as the first one but was full of excitement all the way through and that is what we are looking for. There was a fair sized attendance but it is understood that the evening games will not be continued hereafter. The games will be played in the afternoon, when the attendance will be larger, many of the outside farmers not being able to get in and return home in good season after an evening game, and many of them are real "fans" in the sport and want to see the games.

Catcher Edwards, of the local team, suffered a number of temporary injuries during the game. The ball was continually landing on some part of his anatomy other than his mit, and he was considerably bruised before the game was over.

Ladies Baseball Dance

A Social Success But The Object Hardly Obtained

The Ladies' Base Ball Club gave a dance, as scheduled, at the Oddfellows Hall on Friday evening, May 30th, and the event was a decided success, socially but was hardly as productive of the financial results as the young ladies would wish. The occasion was intended as a means of obtaining assistance in providing their necessary outfits for the team but we trust they will not make their initial appearance in uniforms purchased solely from the revenues derived from their party. However, the affair was a most pleasant one and the ladies are to be congratulated in their endeavors. The music was furnished by the High River Harmony Five, and of course was up to expectations, and full of life and novelties. The repeat, also, consisting of good coffee, ice cream and home made cakes, made and furnished by the girls, (or their mothers) and served at twelve o'clock, was very tasty and was appreciated by the dancers. About sixty-five couples were present, many of them coming in from the country and the surrounding towns, and the dance broke up about two o'clock in the morning after everybody had expressed themselves as having a delightful time. One thing particularly noticeable was the presence of more young men than ladies. In the north east corner of the Hall could always be seen a number of these unable to get partners for the dance. It was not so usually for the past few years when on occasions of this kind, the ladies outnumbered the men and had numerous chances to rest up between dances. The returning boys from the front are perhaps accountable for this change, and a welcome one it is to perceive. More luck next time girls.

OPTIMISM

Now that nature has been good enough to shower us with a much needed rain which has put the soil, particularly in this neighborhood, in a fine condition to withstand some few weeks of dry hardships, if needs be; and because the people of this community are smiling in consequence of such, after a spell of sleepless nights occasioned by worries of the prospects of another dry season; and because the prospects are good for more rains, insuring a crop production that will enhance the good cheer and fill the elevators later on, it is becoming that we, all of us, give vent to our pent up feelings of exuberance, let loose, and enjoy while we may the present favorable outlook and get busy in many ways that will do ourselves and our neighbors good.

Vulcan district has been perhaps more favored with moisture, up to the present time, than any of her neighboring sisters and her outlook for crops are to day more generally promising than any of her surrounding districts. The little moisture of early last week, followed with the steady and abundant precipitation of Thursday night last which was continuous for about eleven hours, has put us in an enviable light before the people of the province, and we have just cause, in consequence, to feel elated. So let's take advantage of the present existing conditions and prospects, to smile and feel good and begin to undertake the large and small plans of reconstruction and improvement which have been our intentions and desires if conditions were favorable. Let's anticipate our coming good fortune by deeds of action. Let's begin to put our dream plans into actual practice and accomplishments and by so doing start some real activity in the district which will be reflected in all channels of trade and business. It's this activity which makes the country progressive and the adjoining towns successful. The time is ripe and the feeling is there. Action now is all that is needed and the reasons for immediate action have been supplied by our almost positive assurance of a coming good harvest, and don't forget the little old quotation "SMILE, and the world smiles with you; SNORE, and you sleep alone."

JOB LOTS

"Jack" Duffield, well known in the Vulcan district and who was the first Managing Editor, Business Manager and "Devil" of the original Vulcan Advocate, as first perpetrated upon the good people of Vulcan and this surrounding country, and who has continuously since kept his hand in the game, except for the time when he was serving his country overseas, has returned to this post and employ and will look after the interests of our customers as regards the proper display of advertisements and the correct and up-to-date handling and set-up of our job business. We can now assure the merchants and business men of the district that their favors extended us in these lines will have proper attention and care and will be a credit and a real advertisement for them whenever submitted. We court your needs in the Job Printing line with the positive assurance that satisfaction will be rendered you in neatness, style and price. Service will be our motto and on the ground of capability, we earnestly solicit your business. Try us.

CITIZENS ON PROBATION

Major-General A. D. McRae, who won distinction in his service in the Canadian expeditionary forces and later in the imperial ministry of information, is not one of those men who have easy-going theories about the way non-English people should be treated in Canada. Speaking in Toronto a few days ago, after a recent return from overseas, he said that never again would well governed nations give so little thought or consideration to the well-being of the individual, for national honor was only the sum total of individual honor. It was therefore a matter of first importance that the type of citizenship developed in Can-

ada should be of the highest and best.

The difficulties in working on such citizenship are, of course intensified and aggravated by the mixed character of our population and on this point General McRae said:

What are going to be the future requirements of Canadian citizenship? Our standards must be raised. For one, I am strongly in favor of probationary citizenship. Why should we not profit by our mistakes of the past and take the necessary steps to prevent a repetition of them? We know that invariably the heart of the matured immigrant remains until death with the land of his birth. Why then, when he becomes an immigrant to our dominion should we admit him into permanent citizenship, equal to that enjoyed by those of us born in the country?

The man who cannot read and write in the English language would be shut out by General McRae from even probationary citizenship. With the single exception of the French, no people should be given the privileges of the citizen, he claims, for above all other things the Canadian suffrage must be guarded.—Edmonton Journal.

THEY APPRECIATE US

Dr. Miller, one time superintendent of technical education in the province of Alberta, now an important official in the soldiers' re-education department in the United States, sizes up the situation right when he says that never before did the United States appreciate so greatly the importance of Canada, its worth, its national spirit and its strength, and that for one person who speaks offensively across the line about who ended the war, one hundred are fair about it. They are all proud of the part taken by the United States in the war, but they are anxious to give credit where credit is due.—Albertan.

We observe that only farmers may belong to the U.F.A. political party. But how are they to determine in the case of the professional man who operates a farm in the country, and the farmer who has retired to the city and who is conducting a business on the side in the city.

And now it devolves that the Allied Powers overlooked an important item while sitting in solemn conclave at the Peace Conference. There is nothing in the peace treaty to bar "Bill Holenzollern" from resuming the throne of his ancestors. When this matter was brought to the notice of the "Big Four", they were said to be greatly concerned for there was nothing to prevent the former Kaiser from quitting Holland at will.

The copious rainfall on Thursday last, came as a veritable "Godsend" to day and Saturday relieved the drought the country and the showers on Friday that was threatening to destroy the grain crops. We are also informed that the cut worms are not so great a menace to the growing crops, and with the rainfall at stated intervals there should be a fine outlook for crops.

In a letter received from a Vancouver Island friend recently the statement was made that the men engaged in logging camps, made up largely of Finns, Austrians and Germans, had gone on strike asking higher wages and making arbitrary demands. The management engaged English speaking men to replace these malcontents and everything was going on smoothly and an endeavor was being made to deport the strikers to their beloved homes in Europe.

We are glad to realize that Hawker and his Canadian companion were received so graciously in England, after their attempted flight across the ocean. Hawker could very easily have reached Portugal with his airplane, but what he was striving for was a nonstop flight and so far no one has succeeded in making it. Hawker's experience will no doubt help in making possible a successful flight across the Atlantic Ocean.

There was considerable sagacity in evidence at the MacLeod convention when the U. F. A. political party was organized. Upon that occasion the Non Partizan League was putting up a strong fight against being completely absorbed, and in the ranks of that organization there were keen sighted men who were responsible for the creation of the league, and they desired to see it live. However, the U.F.A. presided over by a wise council got over all the difficulties and now we have in existence one organization that will be powerful enough to exert a strong influence for good (we believe) on our provincial and federal governments.

Political Action

United Farmers Political League for
MacLeod Federal Riding
Is Organized

The U. F. A. convention for MacLeod federal constituency to consider independent political action was held in MacLeod Tuesday and Wednesday, and resulted in a decision for independent political action by the U. F. A., and the organization of a political association, under the name of the United Farmers Political League for MacLeod Federal Constituency. The officers are:

Geo. S. Ferris, Nanton, president; J. W. Campbell, Cayley, vice-president; One director was chosen for each provincial riding, as follows: Okotoks--W. B. Thorne, Aldersyde; High River--Geo. McIrvine; Nanton--J. W. Wilford, Stavely; Claresholm, J. J. Strang; MacLeod--W. H. Shields; Pincher Creek--Earl Cook; Rocky Mountain--to be selected.

The report of the resolutions was as follows:

1. That the aim of the political movement be the substitution of business administration for party form government.

2. That provincial as well as federal action be taken.

3. That each constituency finance its own political effort.

4. That a central office be created to manage the political affairs of the U. F. A. movement and to keep it separate from the educational and commercial departments.

5. That each constituency convention shall be responsible for its own political platform.

Only members in good standing in the U. F. A. are admitted to membership in the league.

The convention refused to designate the Non-Partisan as the official paper of the league.

There were 121 accredited delegates in the convention.

Those attending from Nanton provincial constituency were:

Stavely--Mr. and Mrs. Rogers, G. Malchow, G. E. Malchow, J. Robinson, M. E. Malchow, A. D. Irvine, J. W. Wilford, C. R. Miller.

Parkland--H. F. Spencer, Jas Weir, M.L.A., C. E. Haines, E. Straughan, C. Hedlund, N. Berger.

Nanton--Mrs. Sears, Mrs. Walker, Mr. and Mrs. J. P. Ransom, W. D. Ransom, P. D. Ragain, J. S. Blake, W. L. Watt, E. J. Taylor, Mr. and Mrs. J. R. Eckert, J. B. Trull, G. S. Ferris, J. M. Glendenning, C. E. Montgomery, G. Bidwell, W. I. Monkman.

The fight of the convention was between the members of the Non-Partisan League and those who were not members. It is estimated that 95 per cent. of the members of the Non-Partisan League are also members of the U. F. A. and that about one-third of the U. F. A. members belong to the Non-Partisan League. The result of the convention apparently means that the Non-Partisan League is to be eliminated in MacLeod federal riding and 95 per cent. of its membership absorbed by the United Farmers Political League. It remains to be seen what will become of other political organizations in the riding.

Another convention will be called when the time comes to nominate a candidate.

MAKE IT AN OFFENCE

It is an astonishing fact, but we have living among us automobile drivers who will turn out during a rain storm or immediately after a heavy downpour, and permanently injure our highways. The Alberta Club should see that a law is enacted at the next Session of the legislature, making it an offence for anyone found motoring during or immediately after a rainstorm. Generally speaking our roads are permanently injured by driving heavy cars over muddy roads. By waiting several hours, or days for that matter, a great saving would be made in the cost of maintenance of our public thoroughfares.

A WANT AD. IN THE ADVOCATE ALWAYS PAYS--USE THESE COLUMNS FREELY.

Insurance is co-operative in principle. Carry it still further by taking your insurance through the VULCAN CO-OPERATIVE CO.

GRADE 3--Muriel Brown, 70.3; Mamye Lebow, 68.3; Clifford Olgive, 67.9; Gladys McDoyall, 67.1; Hazel Carruthers, 66.8; Veromca Reed, 65.7; Hazel Eamor, 65.6; Edith Robson, 64.5; Glen Robbie, 64.1; Ralph Schrag, 64; Teddy Irving, 63.1; Olive Linley, 62.5; Norma Vanskiver, 61.8; Willie Donaldson, 61.6; Maud Wilson, 60.6; Eleanor Jennejohn, 59.5; Russell Robbie, 58.7; Ernest Ganlein, 54.5; James Walker, 53.6; Emil Mutz, 53.2; Annette Loiselle, 46.3; Edward Wilson, 46.2; Roy Deaal, 45.7; Stephen Potterger, no standing.

GRADE 4--Marian Lebeau, 84.7; Genevieve Hutson, 80.1; Norman Jennejohn, 77.7; Albert Flood, 73.4; Jewell Gardner, 72.7; May Farrand, 65; Nancy Clappison, 64; Phyllis Trail, 63.7; Mable Hudson, 63.6; John McDowell, 63.3; Stella Dewie, 55.7; Florence Recor, 53.3; Harry Rolston, 51.7; Grace MacKie, 49.3; Leslie Noble, 49.2; George MacPherson, 48.8 Evelyn Sullivan, 40.8; George Seaman, 38.7; Charles Kaiser, 37.2; Fred. Vanskiver, 31.4.

GRADE 5--Jennie Cook, 79.3; Minnie Korczynski, 71.4; Edith Rolston, 69.4; Beulah Walker, 69.3; Florence Loiselle, 68.3; Bertha Hutson, 67.6; Charles Kothlow, 55.8; Earl Deal, 53.6; May Irving, 52; Verna Kothlow, 40.2; Lester Carruthers, Wilfred Daines.

GRADE 6--Cora Gardner, 82.5; Addie Flood, 79.25; Harrison Anderson, 77.62; Ruth Rolston, 77.12; Mary Rilla Watt, 70.62; Jack Trail, 68.25; Andrew Schrag, 67.75; Dorothy Altizer, 67.62; Dora Stewart, 67.25; Orville Anderson, 61.71; Ferne Bailey, 60; Queenie Drines, 58.66; Ena Watt, 57.5; Henry Clappison, 56.62; Ida Eamor, 52.57; Beulah Hampton, 47.62; William Kaiser, 40.

GRADE 7--Vera Vanskiver, 51.7; Beda Lundgren, 51.7.

Grade 8--John Miller, 70.64; Everett Gardner, 69.96; Harold Buck, 68.95; Laura Terry, 65.25; Elizabeth Flood, 64.49; Lily Korczynski, 63.72; Eunice Walker, 69.66 Clara Bailey, 59.65; Mildred MacPherson, 59.22.

GRADE 9--Alice Walker, 88.2; Thelma Fernagren, 78; Roy Davis, 75.6; Adelaide Cook, 71.6.

GRADE 10--Dorothy McQueen, 79.5.

GRADE 11--William Macpherson, 77.9.

FIGHTING FOREST FIRES

Inspector E. H. Finlayson of the Dominion Forestry Branch had his time fully occupied of late in fighting the forest fires west of Black Diamond, and the rain fall last week helped considerably to get the fire under control. Fortunately the blaze did not enter the Wilson Lumber limits, and we learn that practically no valuable timber has been destroyed. The fire, we understand, got away to a good start from one of P. Burns' Grading camps. Those who went out from here as fire fighters were:

Messrs Mainland, Loyton, Kuck, Thompson, Allwood, Watson, Ward and Rettenhouse.

Lack of Courtesy

A grave statement on the lack of business method by some firms which is hurting the general Canadian reputation in Great Britain, is contained in a communication from Mr. Henry B. Thomson, of the Canadian Trade Commission, now in London in an advisory capacity with the London Mission. He says:—

"It has been brought to our notice by several firms here that Canadian manufacturers and others are very lax in not replying to correspondence and enquiries, and it is having the effect of creating an impression that Canada as a whole is not looking for business, or making much effort to get it. Trifles of this kind create a false idea, as the people in the United States are very particular about prompt reply to enquiries, and furthermore carry on a regular follow-up course of correspondence. Not only has it a bad effect in creating an impression of slackness, but it is also causing some of the importers here to make strong representations to the Government to remove the import trade restrictions with other countries that are not within the Empire. At the present moment, Canada is, as you are well aware, particularly favored in this regard as compared with the United States, but if the representations of the importers are sufficiently strong and insistent, the Government will be forced to allow certain commodities to be brought in here on a par with Canada, because these commodities cannot be procured, or apparently so, within the Dominion. Even if they have not got the stocks on hand, or do not deal in the commodities they are asked about, surely it would be a simple matter for them to write a note to the English firm enquiring and explain the situation to them.

TO PREVENT SOIL DRIFTING

To prevent weeds in summer fallow on the prairie without leaving the soil in condition to drift readily a new style of cultivator has been devised. This implement, which has a place especially on the dry land farm, is designed to cut off the weeds about three inches below the surface of the ground without breaking up the surface soil. Pamphlet No. 28 of the Dominion Experimental Farms written by Mr. W. H. Fairfield, Superintendent of the Experimental Station at Lethbridge and obtainable from the Publications Branch, Department of Agriculture at Ottawa, explains the construction, by illustration and text, of this simple implement. The implement is eight feet wide and requires four horses for its operation. It may be constructed up to twelve or even sixteen feet when from six to eight horses are needed to draw it.

Spread the risk of Hail by insuring your crop through your own company, the VULCAN CO-OPERATIVE CO.

We refer our readers to Auctioneer Rebbe's Auction Sale announcement on another page of this paper. The property belongs to Fred Mertes, and the date of the sale is Tuesday, June 10th, 1919.

PROVISIONS OF WILD LAND TAX ACT MODIFIED BY RECENT AMENDMENTS

At the last session of the Provin-
cial Legislature, The Wild Lands Tax
Act was amended by legislation in-
troduced by the Minister of Municipal
Affairs under whose direction this
Act is administered.

One of the outstanding features of
these amendments is the widening
of the provisions under which exemp-
tion from the tax might be secured.
As the Act has been in force during
the past four years, all cultivation
or pasturing of land whereby exemp-
tion might be secured, was required
to take place during the previous
year to that in which the tax was
levied. This being the case, the pur-
chaser of the land from the Dominion
Government or from the Canadian
Pacific Railway Company, who made
his purchase in the fall of the year,
had no opportunity to earn his exemp-
tion from the Wild Lands Tax in the
following year. This was unfair as
the purchaser in question had no con-
trol of the land during the previous
year, and was thus penalized because
of a condition of affairs beyond his
control. The Act as it now stands,
provides that exemption may be
granted if the cultivation takes place
prior to the first of August of the
year in which the tax is levied. The
amount of cultivation, and the num-
ber of stock pastured, is left as it was;
namely—one quarter of land must be
cultivated and there must be stock
in proportion of one head of cat-
tle or horses, or three sheep, to every
ten acres. The provisions in regard
to residence exemption also remains
the same namely—a bona fide farm-
er who is resident on his land is ex-
empt for 640 acres, and such land
may be any place within a radius
of nine miles from his place of resi-
dence.

During the past years, the admin-
istration of the Wild Lands Tax Act
has been criticized on account of the
fact that lands were sometimes as-
sessed under this Act that were real-
ly exempt from such tax. Because of
the large areas given to each assessor
to cover, this was unavoidable as it
was impossible for him to see all of
the land in his district, and he had,
therefore, to depend for much of his
information on hearsay evidence from
parties in the community. This led to
a good deal of misunderstanding, and
many mistakes were made. This con-
dition of affairs, was of course, very
unsatisfactory, and provision has
now been made whereby, commencing
with the current year, all land taxed
under this Act will be actually seen
by the person responsible for the
assessment.

In the organized portions of the
Province; that is, in the municipal dis-
tricts, this tax will be levied by the
Municipal district, and it will be pos-
sible for the official levying the taxes
for the District, to obtain exact infor-
mation as to what lands in the Dis-
trict are subject to this tax, and there
should be no possibility of land ex-
empt from taxation being taxed, or of
land subject to taxation being omitted
from the Tax Roll.

In the unorganized portions of the
Province, the staff of outside Asses-
sors employed by the Department has
been increased, and each assessor
must see all the land that he assesses;
no hearsay evidence will be taken.
This will insure proper assessment in
the unorganized territory as well as
in the organized areas, and it will do
away with the possibility of a man
being assessed for land which he is
cultivating or on which he has prob-
ably made his home for a number of

years.

The placing of the Wild Lands Tax
assessment in the hands of the Mun-
icipal Districts will also tend to bet-
ter service in other ways; that is, all
taxes on lands in Municipal Districts,
with the exception of School taxes in
some cases, will now be payable to
the one official; that is to the Secre-
tary-Treasurer of the Municipal Dis-
trict. There will only be one Tax Roll
and only one Tax Notice and one Tax
Receipt will be necessary. A party
who owns land in a Municipal Dis-
trict will not receive any Tax Notice
from the Department of Municipal
Affairs. He will only receive one Tax
Notice from the Secretary-Treasurer
of the Municipal District in which his
land is situated, and this Notice will
show all taxes payable by him, and a
clear receipt from the Secretary-
Treasurer of the Municipal District
will be evidence that all his taxes
have been paid. Where School Taxes
are still levied by the School District
the landowner will, of course, receive
a Tax Notice from the School Dis-
trict in addition to that from the Mun-
icipal District. It is to be hoped that
ere long all School Taxes will be lev-
ied by the Municipality, and that in
all Municipal Districts, only one as-
sessment and tax roll will be necessary.

As far as the unorganized portions
of the province are concerned; that
is, in the Improvement Districts, all
taxes levied on land by the Provincial
Government will be shown on one Tax
Notice in place of two or three as in
the past, and the receipt of payment
will be acknowledged on one tax re-
ceipt form, and all such notices and
tax receipts will give full particulars
as to the amount of the different
taxes levied against the land.

A SPEED RECORD

Motorists around here will be in-
terested to read that Ralph DePalma
smashed all records from one to
twenty miles in a terrific dash to
Florida lately, and made himself
premier driver of the world and mas-
ter of all flying start records, and
winner of the world's record, making
a mile in 24.02 seconds. The new
speed records are: 1 mile, 24.02 se-
conds; 2 miles, 49.54 seconds; 3 miles,
1 minute 15.04 seconds; 4 miles, 1
minute 39.77 seconds; 5 miles, 2 min-
utes 4.58 seconds; 10 miles, 4 minutes
9.3 seconds; 15 miles, 6 minutes,
48.75 seconds; 20 miles, 8 minutes,
54.2 seconds.

To cover a mile in 24.02 seconds,
De Palma's tires were revolving at
a rate of 1,600 times a minute.
This is faster than the fastest ma-
chine guns were operated during the
war, when, firing 600 shot a minute
they hurled a veritable storm of bul-
lets at the enemy.

That tires can be made to endure
such service is a splendid tribute to
the quality of material and workman-
ship entering into their production.

The Goodyear tire was the one in
use, which speaks volumes for that
make.

ROUNDERS AND BLACKGUARDS

Colonel Saunders of Calgary
scorned the Juvenile Court Parole
System recently when three youths
appeared in the dock at Calgary to
face a charge of stealing an auto-
mobile. The car was taken from Mr.
Wintamute's garage on Sunday morn-
ing, and was found in a badly dam-
aged condition at the bottom of a
gully near Bowness Golf Links. The
Colonel said: "The boys of this gen-
eration know no more about the non-
sensical parole system of the juvenile
court than they do about God and re-
ligion. We are bringing up a lot of
boys to be rounders and blackguards.
I hope to be able to wash my hands
of this case and send the boys up for
trial before a judge and jury."

BIG RANCH SALE

Among recent big ranch sales in
which I. B. Hewer and company are
interested are several very important
deals. The old Lineham ranch, up
Sheep Creek, which was bought by
P. Burns, has been resold to a Mr.
Porter, a stockman from Indiana.
There were 4,200 acres involved and
the price was in the neighborhood of
\$62,000. Another transaction was the
disposal of Dr. Arthur Muir's ranch
at Cochrane, consisting of two sec-
tions and a quantity of leasehold, as
well as 100 head of cattle, which have
been bought by P. Wyckoff and K.
Parsons, of Twin Butte. The firm
was also interested in the disposal
of the old Peck ranch, down in the
Crow's Nest pass, which was recent-
ly taken over by John Thompson
and J. Glendinning, of High River,
and this deal included a large area
of deeded and leased land, as well
as 500 head of cattle and 200 horses.

VULCAN AND W. S. S.

As a result of the visit of Sergeant Gittus and the formation of W. S. S. committee Thrift Stamps are going to be brought directly to the notice of the people of Vulcan and district. Whereas it has been possible to obtain Thrift Stamps at the Post Office and Banks only, now they are in every store and place of business in town.

They will be offered to you for your change when you make a purchase, and on every occasion you will be asked to take Thrift Stamps instead of money

This will help you to save and the country to finance. Support the move; have a Thrift Stamp Card yourself and get every member of your family to have one as well

Mr. J. K. Goldthorpe is digging a well on the old Quinton place. Let us hope it will be filled to overflowing.

The rains which we have been receiving lately are just what was needed and the crops are beginning to look good as a result.

The dance which took place at Loma on Friday last was attended by an enthusiastic crowd and a pleasant time was passed. The proceeds of the dance will be devoted to the organizing of a Tennis Club.

Time to order your Plymouth Twine through the VULCAN CO-OPERATIVE CO.

VULCAN FARMER IN TROUBLE

Merle Gordon, a young farmer from the Vulcan district, was arraigned this morning before Mr. Justice Hyndman on a charge of having on February 10 last, stolen a number of rat skins from T. F. Jackson, a neighboring farmer.

According to the evidence given by Herbert Nelson, a brother-in-law of Jackson, the accused and himself on the night in question went to the Jackson place and took the rat skins selling them next day in Calgary for \$26.

Nelson was arraigned at the last assize court and having pleaded guilty was allowed to go on suspended sentence.

Upon the application of the accused who was not represented by counsel, the trial was adjourned until Wednesday morning at 10 o'clock to allow of some witnesses for the defence to be called.

James Shortt, K. C., is acting for the crown.

Notice

TO THE RATEPAYERS OF THE MUNICIPAL DISTRICT OF MARQUIS, No. 157, AND THE MUNICIPAL DISTRICT OF ROYAL, No. 158.

The crop report blanks covering the 1919 Municipal Hail Insurance, have now been mailed to you, and must be completed and in the hands of the Secretary-Treasurer of your District by June 15th, 1919. In the case that you do not receive yours, apply at once to your Secretary-Treasurer or your nearest councillor. Each quarter-section of land should be listed separately on your report, and must cover all your holdings whether in crop or not.

We must have your co-operation and promptness in these matters in order to render you efficient service.

R. E. HOUSE,

Secretary-Treasurer,
of Municipal District
Marquis, No. 157.

A. J. FLOOD,

Secretary-Treasurer
of Municipal District
of Royal, No. 158.

Buffalo Hills Hints

Numerous gasoline outfits are tearing up the sod in the district.

We hear a lot of Aeroplanes talk in the Hills these days and the enthusiasts are looking forward to the time when these "buzz-wagons" of the air will be as common as cars.

We are sorry to hear that Mr. T. Phelan has had several horses suffering from the "flu".

Miss Marguarite Speer is Warden of the Lord Nelson Shield at Buffalo for the month of May.

A dance was given at the Willard School on Friday last in honor of the return of Cadet M. Gooch, of the R. A. F.
